

ASKS LARGER TAX FOR SANATORIUM

Tuberculosis Hospital Board to Recommend to Citizens That Additional Funds be Raised.

COULD ERECT AN IDEAL PLACE

Members Urge That no Time Should Be Lost in Getting Project Under Way for New Institution.

At a meeting of the Rock Island municipal tuberculosis sanatorium board, held recently at the office of Dr. Joseph De Silva, the members unanimously decided to recommend to the citizens of Rock Island the matter of bringing up at one of the spring elections an additional two-mill tax for the proposed sanatorium for this city. The board members present were Drs. Joseph De Silva, R. J. Lachner, Louis (Kron) and T. Foster.

A one-mill tax has already been levied, but the additional two-mill tax would enable the board to establish and maintain one of the finest and most complete tubercular hospitals in the city. The institution would be for the people of Rock Island only and in the opinion of the board better results would be obtained from the money invested than in a county institution. There would be a smaller number of patients and each would receive better attention than at a county hospital.

In making this recommendation to the public the board feels that larger and more efficient results would be obtained than under the county plan. "The very name of county hospital is suggestive in itself," said one of the members today, "while on the other hand a 'municipal sanatorium' carries with it a more pleasing term and one that will appeal to the citizens more than a county hospital."

The board also fears that if the county plan is carried out, the hospital may be located at some distant point in the county, where it will be harder to reach from Rock Island, which would be an especially bad feature through the winter months when the roads in Rock Island county are almost impassable. In certain cases local physicians would be obliged to make at least one visit a day, which would greatly hamper them in their other work, considering the fact that no fees are charged for the services at the sanatorium.

Should Lose No Time.

The board has also found through exhaustive study of conditions that there is a dire need for a tuberculosis sanatorium here now and that no time should be lost in getting this project under way, and that lives are sacrificed every week the building of the institution is put off.

The board has been assured by City Attorney Scott that an additional two-mill tax would be entirely within the law and it will now bend efforts toward having this issue brought up at one of the spring elections.

STRONG WIND DRIVES BOAT FROM HARBOR

The high wind, which prevailed through most of the night and this morning, caused considerable trouble for the boat owners at the Island City Boating association. A valuable racing craft, the Vixen, belonging to Art Salzman, broke from its moorings early this morning and floated nearly a mile down stream before it was recovered. The boat was not damaged. The caretaker at the club house at

the foot of Twelfth street was forced to keep a close watch on the boats in the harbor all day.

DR. REED TO SPEAK AT UNION SERVICE

Congregations Unite for Evening Meeting Thanksgiving at Memorial Christian Church.

Union Thanksgiving services will this year be held Thanksgiving evening at 8 o'clock instead of in the morning as in other years. The services will be held in the Memorial Christian church and the sermon will be delivered by Dr. H. W. Reed of the First Baptist church. The choir of the Memorial Christian church will furnish special music for the occasion and a Thanksgiving offering will be taken.

Next Sunday morning in the city churches will be taken a special offering for Thanksgiving to be given to the Associated Charities to be used by that organization in providing Thanksgiving dinners.

ELKS WOULD SELL BLUFF PROPERTY

Elks of Moline lodge, No. 556, have placed the bluff property owned by the lodge on the Real Estate exchange list. The ground, a tract of a little less than four acres, is at Twenty-eighth avenue and Fifteenth street. Although the price at which it is to be listed is not announced by officers, it is understood to be about \$2,000 less than cost. Money derived from sale of the property will be used by the Moline Elks in the erection of their new home.

Announcement is made by the "big brother" committee of the lodge that a number of tickets for the Miller and Draper minstrel performance will be donated to the children's classes of Recreation hall.

Plans for a Christmas entertainment will be along the lines of last year, but on a considerably more elaborate scale. Date has not been definitely set, but will take place some time during Christmas week. This entertainment will be in conjunction with the Woman's club.

CENTRAL QUINTET IS BEATEN BY DE WITT

The Central basketball team of Rock Island lost its first game of the season to Maquoketa, Iowa, last night by a score of 35 to 24. The Islanders showed lack of practice in the initial tilt, but prospects are bright for a winning team. Manager Will Smith is arranging a game with De Witt, Iowa, to be played within the next two weeks. The locals lined up as follows: Reeves, Dempsey and Taber, forward; Darling, center; and Anderson, Reeves and Helmbeck, guards.

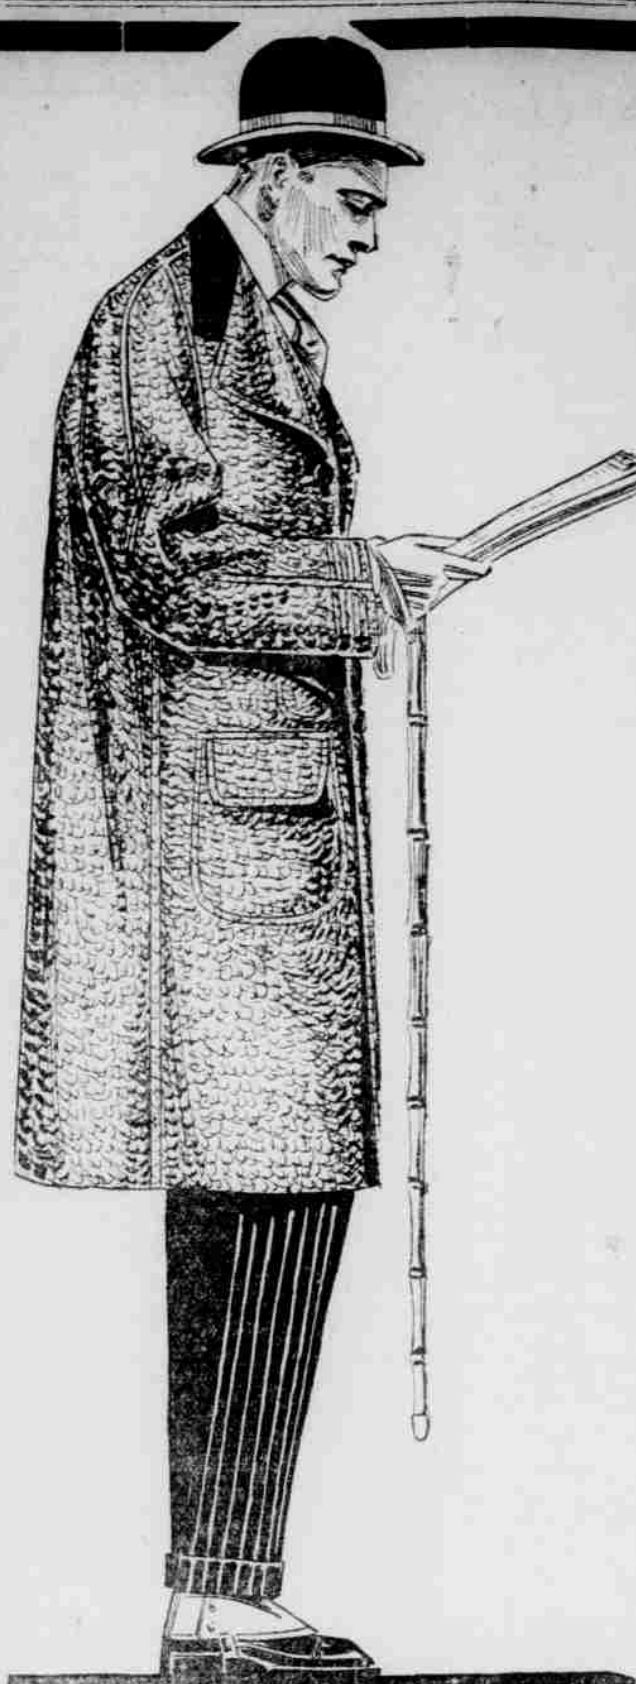

In Moline Police Court.

Jim Cronan was assessed \$2.50 on a charge of disorderly conduct. He was arrested last evening.

Charges against Theodore Faust, who was arrested accused of allowing a vicious dog to run at large, were dismissed. Faust agreed to keep the dog in charge.

Cases against Joe Romeo and Mary Rodriguez, charged with larceny, were dismissed by Magistrate Frank Gustafson after a hearing. The two were accused of stealing a watch from Julius Van Daele's jewelry store, but the watch was not found and there was not enough evidence upon which to base prosecution. Attorney Ed. Eagle represented the defendants. After the Van Daele charge had been dismissed, Mrs. Anderson, cafe proprietor, who had charged Romero with breaking into her cash register, declined to prosecute.

CLARKSON TALKS TO BUSINESS MEN

Prominent Good Roads Advocate Appears Before Moline Merchants at Quarterly Meeting.

Members of the Business Men's association of Moline, East Moline and Silvis gathered at the Manufacturers' hotel last evening for the quarterly business session and banquet. J. D. Clarkson, known for his work in behalf of good roads, was a speaker of the evening. The gentleman from Missouri, however, did not discuss his favorite topic—good roads work—but confined himself to the offering of suggestions regarding trade extension.

During the course of the evening a discussion occurred regarding the Rural road. C. S. Trevor and O. P. Anderson, who fathered the movement, availed themselves of an opportunity to get at the heart of the matter.

Joe Long, in his talk on "Building of Moline as a Center of Things," impressed upon his hearers the importance of community effort elimination of waste, dispensing with duplication of effort, and necessity of hard work.

Mr. Long stated he saw possibilities of building a driveway between Port Byron and Moline and converting the adjacent property into a residence district. In less than thirty years, he predicted that the towns of Moline, East Moline and Silvis would boast a population of 500,000.

TWO POTATOES IS ADMITTANCE FEE

Movie House in Moline Will Accept Garden Product in Place of Money—Needs to Be Supplied.

Payment of two potatoes or more will admit any child or adult to the Grand theatre, a Moline moving picture house, on the afternoon of Nov. 27 between the hours of 2 and 4. The "grown-ups" will be expected to deposit more than two potatoes, the admission to be required of the youngsters. If any child, however, brings more than two potatoes they will be

accepted with pleasure and thanks.

For the big show at the Grand is for the purpose of providing food to be distributed by the philanthropic department of the Woman's club among the worthy needy of the city of Moline. All potatoes received will be turned over by the management of the Grand to the Woman's club, and no charge will be made by the management of the theatre for its use that afternoon.

All cash that is taken in, however, will be retained by the theatre company, so it behooves those interested in caring for the needy to be on hand with potatoes, and more potatoes.

Trinity church of New York city for the first time in the history of the Episcopal general convention, is to be without a delegate, the rector, Rev. Dr. William T. Manning, head of the high church party, having been defeated by the board church candidates. Dr. Manning has been a strong champion

LADIES! DARKEN YOUR GREY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She urged it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two it becomes beautifully dark, glossy and abundant.

Quality —Not Quantity

It's not so much the quantity as the quality of food that counts. Digestibility and nutritive value are the prime considerations.

Grape-Nuts

with Cream

is a splendidly balanced food that affords rich nourishment and, being partially pre-digested in making, exacts but small tax on the digestive organs.

Grape-Nuts retains all the nutriment of whole wheat and barley, including the mineral salts, phosphate of potash, etc., so necessary to proper nourishment, though notably lacking in white bread and many other foods.

A vast army of regular Grape-Nuts users can say from experience
